RETURN TO PLAY

The [Coaches Association of Ontario](#) is partnering with [Sunnybrook's RBC](#)

These students are members of the School of Marketing and e-Business, and have studied marketing for three years. This has included specialist courses in computer application, accounting, business management, as well as advertising, public relations, media applications, promotions, research, sponsorship, graphic and web design, and particularly sports event management.

The objective of their internship is to experience the employment environment, both learning and, more importantly, contributing to the work of your organization.

If you have an internship opportunity and would like to discuss our search for internship employment in sport, please contact:
